Risk Assessment

Activity Course

Severity Factor and Remaining Risk Assessment

Level	Severity Description	Residual Risk Description
1	Very low – i.e. splinters	Very low, minimal risk, control measures more than adequate
2	Minor injury – i.e. cut, grazing	Low, control measures satisfactory
3	Medium injury would stop casualty continuing with activity	Medium, control measures adequate
4	Serious injury requiring medical attention i.e. broken bone, deep cut	High, control measures need further consideration
5	Extremely harmful, very serious injury or fatality	Very high, intolerable, stop activity
